FREEDOM RETRACTABLE SCREENS® INFINITY ZIPLINE™ SERIES

Freedom Retractable Screens® are the industry leaders of retrofit retractable fly screens, offering the perfect fusion of style and cutting-edge technology for your home and beyond. Established in the sunny Gold Coast in Queensland since 1999, we are an Australian manufacturer at the forefront of both commercial and residential insect screen technology.

With innovative insect screen solutions for french, bi-fold and sliding stacker doors and windows, as well as pillarless corners and large, difficult-to-screen openings, our products are made and defined by style, quality and intelligent innovation.

Experience the difference a Smartblind can make to your living or working environment.

Proudly designed and manufactured in Australia, Smartblind utilises world leading technologically designed fabrics incorporated into an innovative no gap window protection system. Offering up to 99% protection from harmful U.V rays, Smartblind is the best solution for deflecting heat in summer, whilst

retaining the warmth during the cooler months. This intelligent blind offers a measurable difference in comfort levels and energy savings, and is proven and tested locally to perform like no other window protection system in the Australian market place.

Smartblind BLOCKOUT

Smartblind SOLTIS 99
3% openness

Smartblind TRANSLUCENT

From 100% complete blackout to fully transparent UV protection, Smartblind has the solution.

Freedom™ Elite Pulldown series

Perfect screen solutions for windows, smaller doorways and servery windows

Freedom™ Elite Pull Down is perfect for servery windows and makes entertaining easy. Simply tilt to release the brake, then slide the screen up to allow food and drinks to pass through then lower it again to keep pesky insects at bay.

The patented Freedom™ Brake System locks the screen closed with a seamless seal without the use of magnets or latches. Flush countertops or bars do not require any additions or rework to spoil their smooth surfaces as the screen uses a brush strip to gently seal the lower edge.

compact and discreet housing

Freedom™ Motorised Smartscreen series

Enjoy your outdoor living space with a touch of a button.

The Motorised Smartscreen gives you the freedom to entertain and enjoy your outdoor living space with a touch of a button. Ideal for large openings including doors, patios, alfresco areas and garages. The Motorised Smartscreen spans to 5 metres and utilises quality motor and control systems by Somfy® technology. Available in a variety of insect mesh options or Soltis® blind material.

Innovative Technology

Enjoy your outdoor living area and reduce the effect of sun glare, wind and rain with a touch of a button. Utilising quality motorising and control systems by Somfy® technology.

Engineered To Last

Engineered to last the harsh Australian climate. Backed by a limited five-year warranty with a nationwide distribution network with parts and service backup. Made with quality Australian aluminium and premium UV resistant fibreglass mesh.

Eco-Friendly

Reduce your air-conditioning consumption and the associated electricity costs. Great for the environment as it eliminates the need for insect repellents.

Discreet

The sleek retrofit housing neatly attaches to your existing opening and is available in a range of colours to match. Compact and discreet 100 mm x 105 mm housing*. The screen is discreetly rolled away until you are ready to use it.

Custom

Custom-made to fit all openings* and is available in the popular Dulux® powder coat range. Variety of sun protection and UV resistant mesh options – Pet Lite, Sand fly and new Soltis® blind material.

*Maximum height and width ratio applies.
